## What is PEP?

Providers Empowering Providers (PEP) is a statewide network for family child care providers that was developed as a proactive approach to raising the quality in child care throughout Wyoming. PEP consists of three major elements: training, support and networking. Each of these elements help family child care providers combat isolation and burnout.

Safe Sleep Wyoming is a non-profit initiative dedicated to preventing SIDS.

Safe sleep practices are easy to implement and are proven to save lives. SIDS has decreased over 50% since the Back to Sleep Campaign was initiated in 1994. It only takes a few moments to become familiar with safe sleep practices and implement them in your facility.
